SHOW RING CODE OF ETHICS

Believing it is in the best interest of all breeders of dairy cattle to maintain a reputation of integrity and to continue to present a wholesome and progressive image in the show ring, the Purebred Dairy Cattle Association lists herewith those practices which are considered unacceptable in presenting Registered animals in the show ring. The use of such practices or procedures is, therefore, considered unethical in the showing of Registered Dairy Cattle.

At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or non-approved use of drugs, medication and/or prohibited substance, or residue.

The following practices or procedures are considered unacceptable and defined as being fraudulent and/or unethical in the showing of Registered cattle:

- Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
- Treating the animal, particularly the udder, internally or externally, with an irritant or counter-irritant, or other substance to artificially improve the conformation.
- Surgery or insertion of foreign material under the skin, performed to change the natural contour or appearance of the animal's body, though not to preclude practices required or involved in normal management.
- Criticizing or interfering with the judge, show management or other exhibitors while in the show ring, or other conduct detrimental to the breed or the show.

The following practices and procedures are considered to detract from the image of the show ring when carried to excess and will be given slight to serious discrimination in placing animals within class:

1. Setting teats
2. Excessive manipulation of hair
3. Use of artificial hair except for false switches
4. Unsportsmanlike conduct on the part of showmen or cows
5. Improper fitting practices such as over filling and over, bagging

Practices which should be encouraged to enhance the image of the show:

1. Establish uniform dress code for exhibitors in the showing
2. Recognize good herdsmanship and exhibits in the barn

In keeping with the basic philosophy of the Association ethics are an individual responsibility of the owner of each animal shown. Violations of these policies are subject to the disciplinary provisions of the Association's by-laws.

SPECIAL: **Premier Breeder** and **Premier Exhibitor** will be awarded banners to the six top individual places. Not more than one bull.
